

The Huskies Leader

From Brad Best, Superintendent...

To our parents and supporters,

Another school year has closed and students and families are adjusting to new schedules and enjoying their time together. As usual, we continue to see a flurry of activity here at school, even during the summer months.

Some of the projects that we will be working on over the summer include an updating of the elementary play area. We will be looking for your help over a couple of days to install a new pre-school appropriate play area and also to replace the old wooden play structure with new equipment. This project will likely take place the week after the 4th of July and we would love to have as many helpers, as possible. We will send out a message alert when the dates have been finalized with the company's supervisor and hope that you can help create an exciting new area for our younger students. In addition to the play structures, we will be installing new basketball goals on the elementary play surface and sprucing up the entire area.

The jr. high and high school classrooms will all receive air conditioning units to replace the old and noisy window air conditioners. The elementary classrooms were fitted with these units last summer and have worked wonderfully. Lockers will be painted, the last of the classrooms to receive new carpeting are on our list, as well as adding more color to the high school hallway. A new scoreboard for the football field and track will be installed this summer, as well. A huge thank you to Cornerstone Bank for donating the funds for this project! In other areas around the track, old bleachers will be removed, event sites may be moved, the fencing around the track perimeter completed, and hopeful updates to the concession stand and press box.

Our largest project will be the construction of a new bus storage building across the road to the north of the football field. Our current bus barn has structural issues and is not tall enough to handle the newer model buses. In the past, we have had to purchase low clearance buses and have notched the headers above the bay doors to fit them in the openings. That type of bus is no longer being made, so we need the new building to house the replacement buses available over the next number of years. We are hoping that the building is ready for use near the beginning of the next school year.

We appreciate your involvement with your child's education and enjoy working with all of you. I hope that you find some time to spend with family, whether it be a trip out of town or sitting in an easy chair and reading together. Please enjoy a safe, relaxing, and family-filled summer break!

IMPORTANT NOTICE

A Census Form for Heartland Community Schools was included in the April Newsletter. Please complete & return this form to the school office no later than June 12, 2015 even if your children do not attend Heartland Community Schools.

It is important that you fill out this form and return it to the school office.

Thank you for your cooperation!

REPORT CARDS CAN BE PICKED UP IN THE MAIN OFFICE STARTING JUNE 1.

SPORTS PHYSICALS

A physical examination is required each year prior to participation in any athletic activity sponsored by the Nebraska School Activities Association. The physical examination is valid for one year from the date of the exam and may be performed any time after May 1 prior to the next school year. These physicals are for all students entering grades 7-12 who will participate in sports for the 2015-16 school year. Payment of \$25.00 is required at the time of service. You will need to use the school physical form from Heartland as your verification.

SEVENTH GRADE PHYSICAL

A physical examination is required upon entry into 7th grade according to Nebraska LB59 law. The physical may be performed up to 6 months prior to the beginning of the school year in which your child is enrolled in 7th grade.

The clinic is requesting a parent/guardian to please accompany the student to the exam. If the student plans to participate in sports, the sports physical will be completed at the same time the 7th grade physical is performed.

All 7th grade students are required to have three doses of the Hepatitis B vaccine, two doses of MMR vaccine and two doses of the Varicella vaccine or a history of having chicken pox. Immunizations are available at the clinic or for a reduced cost at area immunization clinics.

Once the physical exam and immunizations are completed, the original physical form(s) should be returned to the school. This can be done any time prior to the first day of school. The cost of this physical is \$50.00. Immunizations are not included in this charge.

KINDERGARTEN PHYSICAL

A physical exam is required upon entry to kindergarten according to Nebraska LB59 law. This physical may be performed up to six months prior to the beginning of the school year in which your child is enrolled in kindergarten.

The following immunizations are required upon entrance to kindergarten: two doses of MMR, 3 doses of Hepatitis, at least 3 doses of DPT and IPV, and two doses of the Varicella vaccine (if your child has not had the chicken pox). Please bring your child's immunization records at the time of the physical so we can make sure their immunizations are current. Immunizations are available at the clinic or at area immunization clinics for a reduced cost.

Once the physical exam and immunizations are completed, the original physical form(s) should be returned to the school. This can be done any time prior to the first day of school. The cost of this physical is \$75.00. Immunizations are not included in this charge.

Physicals can be scheduled at Henderson Health Care between 8 a.m. and 5 p.m. Monday through Friday. Payment is required at the time of service.

Physical forms are available in the high school office, at Henderson Health Care, or on the school web page www.heartlandschools.org under the "For Students" tab.

Summer Reading Program

Every Hero Has A Story is the theme for this year's Summer Reading Program which begins June 9th and ends July 16th. The elementary library will be open on Tuesdays and Thursdays from 9:00-12:00pm, with a story time feature at 9:30am. Students who read 100 minutes per week can bring in their minutes and are eligible for reading incentive prizes and books. Transportation will be provided on Tuesdays for students who live in the

Bradshaw area. Packets were sent home with students on the last day of school. Parents of preschoolers may pick up packets at the office or when they first attend.

Volunteers are needed to read, tell, or dramatize a story for the children during the story hour. Stories need not follow the summer library theme but may be on any book or topic appropriate for children. Especially needed are readers who want to share their own writing or life experiences involving stories.

If you would like to get involved in reading to children during the Summer Library Program, please call the school office at 402-723-4434.

Summer Strength Training Schedule:

Start date: Monday, June 1st

High School boys 6:30 AM

High School girls 7:30 AM

Jr. High boys & girls 8:45 AM

We will run a 3 day workout. The workout days will be Monday, Tuesday, and Thursday. The weight deck will be open at the same times on Wednesday for a makeup day. The weight deck will not be open on Fridays.

The workout will consist of strength training and a speed/agility training session each day.

Please view the Heartland School calendar for a schedule of days the weight deck will not be open (Holidays and gym floor reconditioning).

And they're off!! Eighth grade science students ended the year with a STEM project designed to apply the science concepts they had been studying over the past two months of the school year. Students worked individually or with a partner to design and test balloon-powered racecars with the goal of traveling at least two meters. Most of the initial models were modified, tweaked, or abandoned all together in order to overcome the static friction holding the cars in place. After a week of experimenting, modifying, and perfecting, two competition days were held with trials on the gym floor as well as on carpet. Students applied many concepts in order to make this project successful, such as unbalanced forces, friction, speed, acceleration, gravity, and Newton's laws of motion. A car designed by **Ben Mestl** and **Reid Huebert** won three of the five competition categories: farthest on carpet (6.99 m), farthest on the gym floor (11.3 m), and fastest on the gym floor (1.67 m/s). **Luke Schaldecker** and **Peyton Ott** won the other two categories: fastest on carpet (1.6 m/s) and overall best design. Congratulations to all the eighth graders on a successful project.

Heartland Students selected to attend Cornhusker Girls State.

Haley Hubert and Eve Vanderneck were selected to attend Cornhusker Girls State. This will be held May 31-June 6 on the campus of the University of Nebraska Lincoln.

College Planning News for Juniors

Class of 2016: There are many ways to receive scholarship and college planning information:

1. **Email:** All students have been added to a group called Class of 2016. I would like to have at least one parent also receiving emails. Please email me at lkoehler@heartlandschools.net with your email address that you frequently check. This will be a primary method of distributing info to seniors.
2. **Remindor:** This is a texting service that will send short reminders/announcements about deadlines and other info. Parents and students are encouraged to join. Text @dfcd2 to (402)718-8594 to start receiving messages.
3. **Twitter and/or Facebook:** "Like" or "Follow" these pages to tons of great college planning info: EducationQuest, John Baylor Test Prep, Heartland Schools, and ACTStudent.
4. **Jr/Sr Newsletter:** A newsletter will be published once a month. It will be mailed or emailed to parents & students.
5. **Web Page:** Go to www.heartlandschools.org - Click on 'Counselor Corner' to find info about college planning, financial aid, scholarships, dual credit classes and more.

High Ability Learner Club

Three Heartland teachers along with Elementary Principal Sadie Houck undertook the challenge of starting a High Ability Learner Club at Heartland this past school year. **Tami Peters, Carrie Regier,** and **Sarah Ostmeyer** invested time working with the identified students and saw the reward of their efforts last Thursday evening when the students presented "People of the Past and Present" at the school.

The evening featured students who had selected and researched famous individuals and created a board and presentation about them. The students were frozen as statues, dressed in character, until a donation was made at their presentation to benefit the club. The researched character then came to life with a presentation. After sharing their character's story with the audience, the student then returned to their statue position. The evening was a great combination of information and entertainment.

Elementary Principal Sadie Houck explained the program that was started at Heartland this year:

"High Ability Learner Clubs and organizations are designed to enrich and accelerate student experiences in order to actively engage them in learning. To participate in HAL at HCS, students must meet identification criteria which include several pieces data: standardized test scores (MAPs, DIBELS, NeSA, Curriculum Placement scores, etc.), classroom performance, and teacher observation/input.

The People of the Past and Present concept has been portrayed at many schools: Aurora, York, and Holdrege are all districts that put on a similar night of presentations. The People of the Past and Present is just the start of our school's HAL program, and who knows what will come next. Many teachers have shown an interest in developing ideas and finding new areas to cover in our HAL program, and I can't wait to see more implemented throughout the program.

The students that performed on Thursday represented a sample of those students that qualified to be a part of HAL. Our hope is to engage more and more students that qualify by implementing new programs and new areas of study that will interest them."

Beginning in January, students met two times a month for an hour each session to prepare for their final project of the "People of Past and Present" presentations. At the final presentations, there were 26 elementary students, five junior high students, and four high school students.

Congratulations to these teachers for implementing this new program at Heartland!

THREE ATHLETES PLACE AT STATE TRACK MEET

The Heartland track and field team had three athletes place at the state track meet held at Omaha Burke Stadium this weekend. **Ben Drierwer** placed 3rd in the pole vault with a personal best height of 13'8". **Tierney Casper** also placed in the pole vault by finishing in a tie for 6th place with a height of 10'. **Jordan Heinrichs** leaped 20'1.5" to finish in 6th place in the long jump.

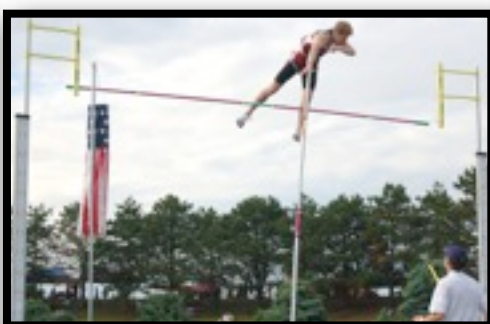

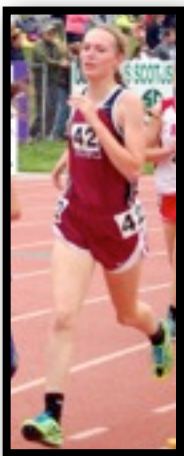

The Heartland team failed to score in any running events. **Tyler Brown** finished in 10th place in the prelims of the 100 meter dash clocking 11.50.

Tierney Casper recorded times of 13.50 in the 100 meter dash and 27.67 in the 200 meter dash, but failed to advance to the finals. **Taylor Quiring** ran a personal best time of 1:01.51, but finished in 9th place in the 400 meter dash.

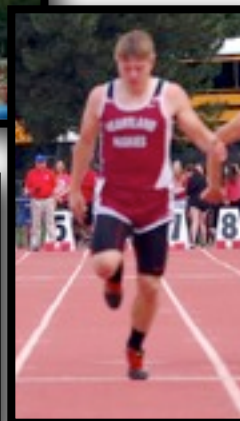

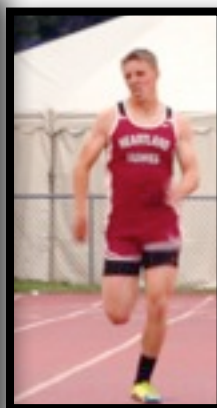

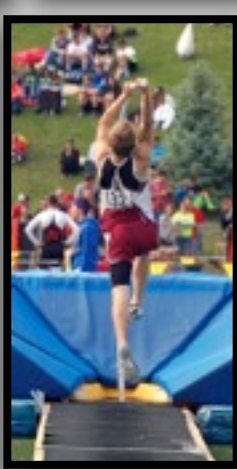

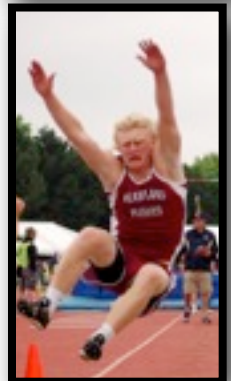

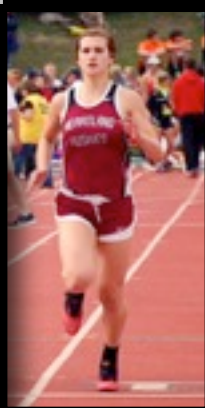

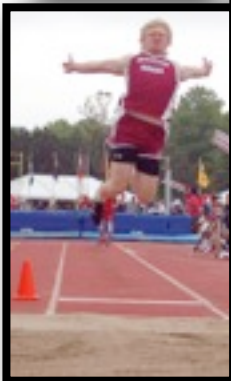

Austin Stuhr placed 10th in the 200 meter dash with a time of 23.51 and 12th in the 400 with a time of 53.29. Freshman, **Brittany Quiring** finished in 9th place in the 1600 meter run with a personal best time of 5:44.37.

The Heartland track team and coaches voted **Tierney Casper** and **Jordan Heinrichs** as the Most Valuable Athletes for the 2015 track season. The track team and coaches would like to thank everyone who helped at the district track meet this year.

STATE TRACK QUALIFIERS

L to R: Jordan Heinrichs, Taylor Quiring, Tyler Brown, Tierney Casper, Austin Stuhr, Brittany Quiring, & Ben Drierwer.

Kodjo Atikpohou and **Olivia Casper** received medals at the State JH Track Meet in Gothenburg. Olivia placed 2nd in the pole vault and Kodjo finished 6th in the 100 meter dash and 3rd in the 200 meter dash.

Bus Transportation Information for the 2015-16 School Year

As we plan our bus routes for the 2015-2016 school year, we would like every family that will be riding the school bus to fill out this form. This will enable the school to have a more accurate record of students riding the bus.

For those who live in Bradshaw, we plan to make several stops in town, rather than have one central pick-up location. After we finalize the bus routes, we will inform you of where the pick-up locations will be.

Please return this form to the school office by July 3, 2015. Thank you.

List every child in your family that will be riding the bus:

Community Preschoolers Learn about Bicycle Safety

Wednesday, May 20th, preschoolers from the Henderson and Bradshaw areas gathered for a bicycle safety evening. The event was sponsored by the Heartland Preschool Parent Advisory Committee. The preschoolers took their bicycles through a variety of stations including a bike safety check, a helmet safety talk, a bike obstacle course, and a bike decorating station. A hotdog supper was provided and the evening ended with a bicycle parade around the gym.
