

The Huskies Leader

From Brad Best, Superintendent...

As graduation day approaches, it is not difficult to look back and see the gains that all of us have made over the last school year. It is always rewarding to see our young people grow another year, not just in age, but also in maturity and knowledge. Thank you to parents and the community for another great year of gains toward our ever-increasing high expectations.

The school is a busy place over the summer months and this year will be no exception. At last month's board meeting, upcoming projects were finalized and the wheels set in motion to continue our updates within and around the building. The funds used for these projects come from our special building or depreciation funds and can only be used for improvements such as these:

- The elementary and high school libraries will be updated with new furnishings, carpet, and paint. As we move to utilize more technology, we need to update areas in which the technology will be used.
- The old, noisy window air conditioners in the elementary classrooms will be replaced with new "split" units where the compressors will remain outdoors, greatly improving the noise levels and efficiency.
- We will replace the last of the outdated carpeting in several classrooms and offices.
- The theater doors are nearly 30 years old and will be replaced.
- A new building security system will be installed on the entrances to better control access to and safety of our students during the school day.
- A metal building will be erected near the practice fields for storage of football and track equipment, which will free up space in our main building and make it more practical for our students and coaches.
- Signage and lighting will be added to the newer archway entrance to help guide and welcome visitors to school activities.

Have a great summer break and stop up if you have the time. We will be here!

Heartland Preschool Taking Applications for 2014-2015 School Year

Heartland Preschool is now taking applications for the 2014-2015 school year. There will again be two sessions, each running four days a week, Monday through Thursday. Mornings will be for 3 year olds and the afternoons will be for 4 & 5 year olds. Peers can attend two, three, or four sessions a week. There is a cost for the peers to attend preschool: \$65.00 per month for 2 sessions a week; \$97.50 per month for 3 sessions a week; \$130.00 per month for 4 sessions a week. Tuition can be paid by the month, quarter or semester, and is due prior to the start of each pay period. Reduced or free tuition is also available for those families who qualify. Please let the school office know if you want to apply for tuition assistance.

In selecting peer models for Heartland Preschool, the program teacher and administrator have to consider the numbers and individual needs of the students for which the program is designed. The peers who are believed to fit best into the sessions are the ones selected. Peers also need to be ones who will provide good language and social modeling for the children who are receiving specialized intervention. The children not selected as peer models can remain on the waiting list and might be added later in the school year or be considered again the following year if they are not kindergarten eligible by then. Every effort will be made to accommodate all parents who want their child in Heartland Preschool or to recommend other preschool programs in the area if necessary.

Interested parents can pick up an application form at the Heartland School office and then return the form after completing it. Parents will be contacted in early June concerning their child's application.

Summer Reading Program

Fizz Boom Read is the theme for this year's Summer Reading Program which begins

June 17th and ends July 24th. The elementary library will be open on Tuesdays and Thursdays from 9:00-12:00pm, with a story time feature at 9:30am on Tuesdays and Thursdays. Students who read 100 minutes per week can bring in their minutes and are eligible for reading

incentive prizes and books. Transportation will be provided for students who live in the Bradshaw area. At the end of the school year, information packets will be sent home with the students. Parents of preschoolers may pick up packets at the office or when they first attend.

Volunteers are needed to read, tell, or dramatize a story for the children during the story hour. Stories need not follow the summer library theme but may be on any book or topic appropriate for children. Especially needed are readers who want to share their own writing or life experiences involving stories.

If you would like to get involved in reading to children during the Summer Library Program, please call the school office at 402-723-4434.

PLEASE READ:
 The last day of school will depend upon the number of snow days used. Currently the earliest last day is May 15th. If we use one snow day, the last day of school will move to May 18th, two snow days, May 19th, etc. Our latest end of the year will be May 22nd. We may need to make other adjustments to the calendar if we need more than 5 additional days.
